Welcome to Dixie State University! Students come to Dixie from many different places, with differing backgrounds and a variety of needs. We strive to provide the best and most comprehensive resources possible for a student’s academic and personal success. It takes a team of creative and dedicated individuals to make Dixie an invigorating and inspiring place to foster lifelong learning and personal development.

As Dean of Students, I work to provide support and advocacy on your behalf, assist with the resolution of problems, and provide information about campus resources and programs available to help you succeed in college. If you are experiencing difficulties, need someone to talk to about a problem you are having, or want to share your successes, please contact my office for an appointment.

Some of the offices and programs I directly oversee are: Student Involvement & Leadership, Health & Wellness Center, Disability Resource Center, Multicultural Inclusion Center, International Student Services, Campus Recreation, Intramurals, Outdoor Recreation, Club Sports, Raging Red Song and Dance Team, Women’s Resource Center, and LGBTQIA. I also serve as a Title IX investigator, and as the Chief Judicial Officer.

For assistance, or to learn more about the various services, programs, and resources we offer, I invite you to visit, call or e-mail me. Please accept my best wishes for an enjoyable, productive, and highly successful school year, and once again, welcome to Dixie!

Del W. Beatty, M.Ed.
Assistant VP for Student Engagement / Dean of Students
