Mission Statement

The mission of the DSU Health & Wellness Center is to provide high quality, cost-effective medical and mental health care in order to promote health and support academic success. The DSU Health & Wellness Center is also committed to offering wellness programs that deliver of high quality educational services and programs which teach students, staff and faculty healthy approaches to life and coping skills to encourage students, faculty and staff can engage in healthy lifestyle behaviors. We provide acute health care and provide mental health services by appointment so that staff, students and faculty are more prepared to pursue their academic, career, and personal goals.

The Health & Wellness Center also encourages the campus community to strengthen their health and well-being through educational opportunities and self-improvement through outreach and programming throughout the campus. Taking responsibility for one’s health and well-being is an essential part of a person’s ability to contribute to the work and mission of DSU. We invite you to visit the Health & Wellness Center where we have resources and health information regarding stress management, sexual responsibility, alcohol and other drugs, tobacco cessation, nutrition, and other basic health issues. Condoms are also available for free at the front desk.
