Computers and technology are a necessary part of today’s learning environment and workplaces. Students may need support to succeed in the growing digital world and the ever growing and changing educational technology requirements placed upon them.

The DSU IT Helpdesk provides a necessary service to students, faculty, and staff that will help keep them up-to-date with the ever-changing IT services on the DSU campus. It also provides an important role in student retention by adding a valuable service that will show that DSU is dedicated to assisting our students so they can succeed. The IT Helpdesk is supported through the IT Operations Group: Arlene Sewell and Ken Richmond.

Our goal is to make technology work for DSU’s students, faculty and staff, and avoid students, faculty and staff struggling to make the technology work!

Services provided to students, faculty, and staff:

- **Dixie ID**
  - Reset passwords and assist with general login inquiries
