**Department Secretary**
Amber Volpa

**Advisors**
Yvonne Strahle
Jessica White

**School of Business Dean**
Kyle Wells, Ph.D.

**Administrative Specialist**
Lory Mattucci

**Program Description**

The top priority of the DSU Accounting Department and its tremendous faculty is to facilitate the development of value-added accounting graduates. Unlike large research institutions, the mission of the Udvar-Hazy School of Business focuses on teaching. Almost all of our full-time business school faculty hold earned doctorate degrees, most have extensive business experience, and all maintain their professional competencies through ongoing research and/or pedagogical innovation. DSU students have greater access to full-time faculty than at most major universities and as a result, our graduates acquire value-added skills and applicable knowledge in highly interactive, student-oriented learning environments.

Opportunities for practical learning are provided by a faculty rich in accounting experience. Accomplished faculty teach accounting concepts in the context of their application, transcending DSU’s accounting education from merely theoretical to an applied, heuristic learning experience. DSU Accounting students have been involved in a number of accounting projects for local businesses. The accounting department established an “accounting incubator” that provides their students with opportunities to analyze and advise local businesses. All accounting students also have the opportunity to serve the local community and strengthen their tax preparation knowledge and skills through participation in the Volunteer Income Tax Assistance (VITA) program.

**Mission**

The mission of the Udvar-Hazy School of Business at Dixie State University is to prepare its students for successful employment, advanced learning, and service to community. We are committed to providing an environment that embraces experiential learning, stimulates academic excellence, and incorporates ethical considerations.

**Baccalaureate Programs**

Students who pursue the Bachelor of Science in Accounting degree at Dixie State University take a variety of Accounting courses as well as learn the ability to track or record business transactions and provide the information that managers need to make informed business decisions. Students also get involved in learning tax implications for individual and business entities. Students in this major take a series of Accounting requirements including Financial and Managerial Accounting, Cost Accounting, Tax Accounting I & II and Auditing, among others. The degree is also an excellent choice for students wishing to pursue a Master of Accountancy (M.Acc.) degree.

**Program Goals**

1. Provide students with accounting and core business knowledge and skills that enable attainment of advanced accounting degrees and success in a rapidly changing, competitive professional environment. (Core Theme One – A Culture of Learning)

2. Develop students’ awareness of and analytical and decision-making skills regarding business ethical issues. (Core Theme Two – A Culture of Value)

3. Establish partnerships with the community and alumni to provide an education that responds to local and industry needs and affords valuable, applied learning opportunities and community engagement. (Core Theme Three – A Culture of Community)
4. Employ highly qualified faculty members who foster open, innovative, analytical, and student-focused learning environments. Support academically and professionally active faculty who model continuous improvement in their practice and service. (Core Theme One – A Culture of Learning)

Master of Accountancy Program

Differential tuition (catalog.dixie.edu/tuitionfees/#graduatetuitiontext)

Course Prefixes

- ACCT, FIN

Facilities

The Accounting program is housed in a modern, student-friendly building equipped with the latest technology available.

Computer Requirement

Students in Business programs are required to have their own personal computer for use throughout their degree program. Laptop computers are recommended and all computers must be capable of running specialized business applications required in various courses, as well as Microsoft Office Suite.

Degrees & Certificates

Accounting

Admission Requirements MAcc

Applicants are expected to meet the following minimum criteria:

- Bachelor’s degree from regionally accredited institution or the equivalent for international students.
- Minimum overall undergraduate GPA of 3.0.
- Minimum GPA of 3.0 in upper-division accounting courses
- Foreign students must complete the Test of English as a Foreign Language (TOEFL).

The admission committee may waive the GMAT and/or TOEFL requirements if students supply sufficient evidence of preparation for the MAcc program for Dixie State University undergraduate students only. Meeting the minimum requirements for admissions does not guarantee a student will be admitted.

Student Learning Outcomes

1. Identify accounting, tax, auditing, and ethical issues in structured and unstructured fact-based situations.
   a. Students will identify the problem and acknowledge reasons for enduring uncertainty and absence of a single “correct” solution.
   b. Students will identify relevant information and uncertainties embedded in the information.

2. Perform and gather research using the professional body of knowledge in the accounting discipline.
   a. Students will interpret information by:
      i Organizing information in meaningful ways that encompass problem complexities.
      ii Qualitatively interpreting evidence from a variety of points of view.
      iii Recognizing and controlling for personal bias.
      iv Articulating assumptions and reasoning associated with alternative points of view.
3. Use a range of techniques to perform analysis, synthesize information, and draw conclusions.
   a. After thorough analysis, students will develop and use reasonable guidelines for prioritizing issues and choosing among options
   b. Students will efficiently implement conclusions, involving others as needed.
4. Communicate effectively in quantitative and qualitative terms through writing and speaking.
   a. Students will acknowledge and explain limitations of endorsed solutions.
   b. Students will integrate skills in on-going processes for generating and using information to monitor strategies and make reasonable modifications.
5. Provide service in the local community through applied learning opportunities and community engagement.
   a. Students will spend time in the Volunteer Income Tax Assistance (VITA) program, assisting individuals in the community with their federal and state tax return preparation needs.
   b. Students will become VITA certified and will partner with the IRS and the Five Counties community organization to provide tax related services.
   c. Students will use their accounting knowledge and value-added skills to assist small business clients with entity discussion and selection, QuickBooks setup and training, income, sales, and payroll tax research and preparation, and financial statement preparation and analysis.
6. Accept the obligation to act in a way that will serve the public interest, honor the public trust, and demonstrate commitment to professionalism.
   a. Students will recognize their responsibility to the collective well-being of the community of people and institutions that the CPA profession serves.
   b. Students will understand how their actions affect others and learn to take responsibility for their own actions.

Accounting Career Information

Job Outlook
Employment of accountants and auditors is projected to grow 11 percent from 2014 to 2024, faster than the average for all occupations. In general, employment growth of accountants and auditors is expected to be closely tied to the health of the overall economy. As the economy grows, more workers should be needed to prepare and examine financial records.

Salary Range
The median annual wage for accountants and auditors was $67,190 in May 2015. The median wage is the wage at which half the workers in an occupation earned more than that amount and half earned less. The lowest 10 percent earned less than $41,400, and the highest 10 percent earned more than $118,930.

Career Strategies
In addition to the required coursework in Business, students can do the following to enhance their career opportunities:

- Gain relevant experience through internships or related part-time employment
- Develop good writing and oral communication skills
- Develop strong interpersonal skills
- Develop excellent computer application skills
- Develop analytical, critical thinking, problem-solving skills
- Maintain a high grade point average
- Pass the C.P.A. Exam
- Earn a Master's Degree in Accounting (MAcc) or (MTax)

Career Opportunities
Business and Accounting graduates are high in demand in a variety of industries because they typically develop transferrable skills in critical thinking, problem diagnosis and solving, quantitative and analytical skills, and abstract thinking. A brief sampling of possible careers related to accounting includes:

- Public Accounting
- Management Accounting
- Government Accounting
- Internal Auditors
- Accounting Education
