Phillip Tuckett

Digital Film Director  
Phillip Tuckett

Program Description

The BS in Digital Film program provides advanced production training in cinema, combined with the opportunity to work on commercial projects and documentary productions in a real-world environment. In addition to learning operational aspects of digital film, such as lighting, camera, and sound production requirements, students will receive hands-on training in pre- and post-production techniques. The program also include academic coursework in film theory, history and criticism, screenwriting, editing, and documentary production.
