

RRT-to-BSRT, Bachelor of Science in Respiratory Therapy

At the successful conclusion of this program, students will be able to:

1. Provide comprehensive patient assessment and care using therapist-driven protocols and evidence-based medicine.
2. Demonstrate understanding and application of AARC code of ethics and professionalism including patient rights and HIPPA confidentiality.
3. Promote health and wellness through patient and family education and community outreach.
4. Demonstrate critical thinking skills when making patient bedside decisions.
5. Use oral and written communication skills in collaboration with other members of the health care team.
