Utah Tech Online: Online Programs and Courses

Website: http://online.dixie.edu
Phone: (435) 879-4822
Email: online@dixie.edu
Office: Technology Building (TECH), 115

Utah Tech University offers online programs (https://online.dixie.edu/programs/#degrees) and courses (https://online.dixie.edu/courses/) accessible from any location. Each online offering includes active and applied learning, providing students with an opportunity to actively apply what they learn to real-world challenges and tasks in their local community/area.

The majority of online offerings are taught asynchronously (a format that allows you to learn on your own schedule, within a certain timeframe). There are some online offerings that may include limited synchronous (real-time) elements such as team collaboration, discussions, or other activities. Where synchronous activities are required, designated days/times will be noted in the class schedule and course syllabus.

Support Contacts

Technical Support, HCC 2nd Floor
helpdesk@dixie.edu or 435.652.4357

Advising, HCC 1st Floor
advisement@dixie.edu or 435.652.7690
