## **Social Research Methods Certificate**

## Social Research Methods Certificate Program Learning Outcomes

At the successful conclusion of this program, students will be able to:

- 1. Design, implement, and communicate the findings of social research projects employing appropriate methodologies and ethical considerations.
- 2. Employ various data collection methods such as surveys, interviews, observations, and existing data sources effectively and ethically to gather information pertinent to social research.
- 3. Apply quantitative and qualitative analytical techniques to interpret and evaluate social data, including statistical analysis, coding, thematic analysis, and interpretation of findings.
