

Geoscience Minor

Geoscience Minor Requirements

21-24 Credits

Code	Title	Hours
GEO 1110 & GEO 1115	Physical Geology (PS) and Physical Geology Lab (LAB)	4
GEO 1220 & GEO 1225	Historical Geology and Historical Geology Lab	4
GEO 2050	Earth Materials	4
Choose any 3 of the following electives:		9-12
GEO 3060	Environmental Geology	
GEO 3180	Paleontology	
GEO 3400	Water Resources (Prerequisites: MATH 1010 and MATH 1050 or equivalent placement score; and CHEM 1210 and CHEM 1215)	
GEO 3550	Sedimentology & Stratigraphy	
GEO 3700	Structural Geology and Tectonics (Prerequisites: MATH 1010 and MATH 1050 or equivalent placement score)	
GEO 3910	Applied Geologic Investigation of Iceland	

Completion Requirements

- Complete all courses that fulfill requirements in the minor with a grade C or higher.

Notes:

An academic minor is an attribute of a baccalaureate degree, not an entity by itself, and can only be awarded at the same time a student graduates with a bachelor's degree. Students must declare a minor prior to submitting a graduation application. A minor may not be added to a previously awarded degree. Students must complete the minor requirements prior to or concurrent with completion of their bachelor's degree requirements. Minors are not available with associate's degrees.

Students may not declare a minor that is in the same discipline as their major. Example: English majors cannot declare any English minor.

Integrated Studies majors may not have an academic minor in the same discipline as either of their two declared emphases. Example: An Integrated Studies major with emphases in English and Spanish cannot receive a minor in either English or Spanish.
