Early Childhood Education, AAS

AAS Early Childhood Education Program Learning Outcomes

At the successful completion of this program, students will be able to:

- 1. Analyze and discuss child development theories.
- 2. Develop and implement strategies for building school, family, and community relationships.
- 3. Demonstrate knowledge of a variety of assessments (formal and informal) and evaluate data relative to developmental needs of children.
- 4. Create and teach developmentally and culturally appropriate curriculum.
- 5. Model moral and ethical practices within the early childhood profession.
