History, BS

Program Description

The Dixie State University baccalaureate program in History is comprised of a Bachelor’s of Arts (BA), a Bachelor’s of Science (BS), and a minor. The BA degree requires proficiency in a foreign language, which can be fulfilled in a variety of ways. The BS degree requires Social Sciences coursework beyond the core and electives. Both degree paths prepare students for advanced study in History, Law, and related areas, or to enter the workforce in business, government, journalism, or numerous other professional fields. This degree focuses on historical knowledge, historical thinking, building critical analytic skills, and writing in an organized and persuasive manner. In addition, a unique degree emphasis, the BA or BS in History and Social Sciences Education, is designed specifically for students seeking secondary teaching careers and prepares them to teach American, World, and Utah History, along with Political Science, Geography, Economics, Sociology, and Psychology. This emphasis also includes a Secondary Education (SCED) teaching certification which qualifies students to secure employment at the high school level immediately upon graduation. The minor in History prepares students from a variety of disciplines to contextualize their studies within the human experience through exposure to a variety of perspectives and research methodologies that augment their skills in almost any profession or area of graduate study.

BA History Program Learning Outcomes
At the successful conclusion of this program, students will be able to:

1. Identify and describe key historical events, processes, and actors from a diverse array of times and places.
2. Investigate diverse forms of historical evidence and evaluate sources for their appropriateness and utility.
3. Create forms of written and oral presentation, using accepted professional methodologies, which clearly articulate historical interpretations.
4. Analyze and interpret historical evidence and key historiographical debates, distinguishing between causal and correlative factors in the historical process.
