

# Management, AS

---

## Program Description

The Associate of Science in Management is a two-year business degree designed to provide recipients employable skills, which will facilitate their qualified entry-level placement in the job market, as well as a foundation to any baccalaureate degree in business. Specialized certification may be acquired as part of the degree to provide added proficiency for employment.

## Program Curriculum

60 credits

### Utah Tech General Education Requirements

All Utah Tech General Education requirements must be fulfilled. A previously earned degree may fulfill those requirements, but courses must be equivalent to Utah Tech's minimum General Education standards in American Institutions, English, and Mathematics.
