

Music - Secondary Education Licensure, BS

Program Description

The Bachelor of Science in Music Education degree provides students with the training needed to be successful as Music teachers. The program is specifically directed at secondary education, and fulfills requirements for secondary teaching licensure in the state of Utah. It also prepares students for a variety of other teaching and general music-related opportunities.

Professional Licensure/Certification (PLC) Requirements

The curriculum for programs at Dixie State University customarily leading to licensure have been designed to meet the educational licensure/certification requirements in Utah as well as to prepare students to apply for licensure exams in the State of Utah. The licensure boards in each state are responsible for establishing the requirements for licensure/certification for their state. Requirement may vary state to state and may change at any time. Students who intend to use their DSU degree to secure licensure in any state other than Utah will need to review the professional licensure disclosures in that state pertaining to their program and consult with the state professional licensing board. For more information, visit the State Authorization and Professional Licensure (<https://academics.dixie.edu/state-authorization/>) web page and select your program, or speak to the director of your program.
